

## Get up close & personal with the animals

With our “Keeper for the Day” scheme, anyone over the age of 18 & physically fit can get up close & personal to the animals in the Park, help to feed & clean them out.

A Keeper for the Day starts their day at around 8.30am & spends their day shadowing the Park’s regular keepers as they go on their rounds, moving from one section to another. During the day, you will be able to get much closer to the animals than any member of the public normally can. You will see how our animals are fed & you may be asked to help with feeding & enriching the animals’ day. Additionally you will be able to ask the keepers any questions you have about the animals in their care. And, of course, take lots of photos!

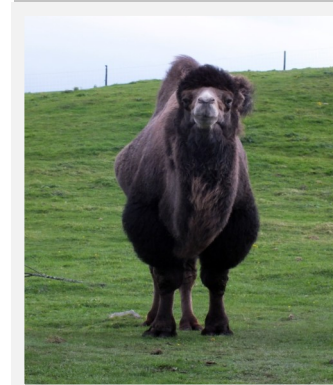

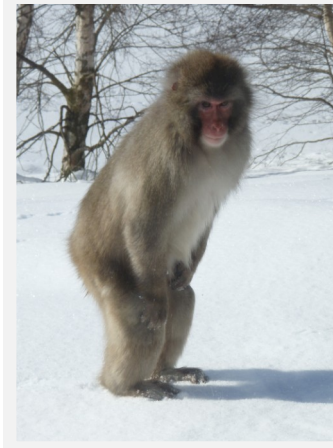

You will receive a free T-shirt, 25% discount on purchases in the Wild-things shop (10% for books & films) and free lunch in the café on the day.

Keepers for the Day are charged at £150 per person per day (max. 2 people). Funds raised go directly to our Scottish Wildcat Conservation Fund.

**(not available for weekends)**

*Note that the polar bear, tigers, wolves, wildcats & other carnivores are not normally included in the Keeper for the Day package. If you are specifically interested in having a dedicated day with those animals, please take a look at our “Carnivore Keeper for the Day” programme.*
